## Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

**Reasons for Allowance**

1. The following is an examiner's statement of reasons for allowance: the primary reason for the allowance of **claim 1** is that the prior art of record to Bodolay et al. in view of Kanemitsu et al. and Schroth et al. do not teach the vacuum belt means 40 fixedly forces profiles 38 against web 14 in that in Bodolay et al. profiles 38 are purposefully retained within holders 44 via members 46 and 62 such that, while profiles 38 are within holders 44, web 14 is moved into contact with profiles 38 via mechanism 28. Note that the reason for allowance does not include Applicants' comments that claim 1 is allowable over the prior art of record because fixedly forcing the tape against the web inherently provides tension on the tape (p 4, para 2, filed 4-25-03) because there is not evidence on record or in the disclosure which indicates that using a vacuum belt means to force the tape and profile against the web imparts any tension to the tape.

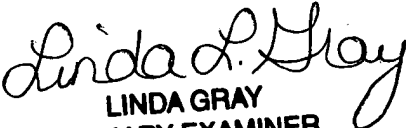

2. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

**Conclusion**
